SENIOR PLAY NOW BEING REHEARSED

CENTERVILLE — "June Mad", a three-act comedy of teen-age heart affairs, will be presented by the seniors of the Washington Union High School in the school auditorium, Friday, April 28 at 8 p. m.

The play to be directed by Mrs. Don Hegen, dean of girls, will climax a day to include the annual visitation of eighth-grade elementary school pupils and Public Schools Week exhibits.

PACIFIC ISLAND OUTPOST—Only a few hours after the capture from the Japs of a strong point on a South Pacific island, the American Red Cross quickly set up a recreation hut where Yanks and Aussies soon collected to get a few hours of relaxation.

GROWERS SHOULD SET 'COT PRICE. NOT GOVERNMENT

CENTERVILLE — It is up to California apricot growers to tell Washington when it is time to set the price for the 1944 crop and how much it should be, not vice-versa. You can't wait till the cots are dropping on the ground to decide on price.

This was the consensus of opinion expersed by growers at last week's meeting of the Eden-Washington Farm Center following a talk by M. J. Bernardo of Centerville, chairman of the apricot growers committee of the U. S. D. A. War Board.

Latest word from Washington it was revealed indicated that prices of green and dried fruit would be announced "prior to marketing". "Prior" might mean soon enough to make arrangements for labor and other facilities and might mean a few days before the 'cots were ready to drop.

'If you holler loud enough and long enough they might hear you in Washington," said W. J. Valenti, Hayward orchardist.

The mentioned price of $85, supposedly set by OPA and WFA will not be acceptable, growers agreed. If 'cot growers are to be kept in the business they must receive a price that will be a satisfactory average over a period of years. Last year's short crop left many growers in the red. This year's price, regardless of the crop must help make up the deficit, it was claimed.

BOARD ASKS ALL ELIGIBLE VOTERS TO REGISTER

OAKLAND — Designating April 1 to 6 as Registration Week the Alameda County Board of Supervisors has adopted a resolution calling on all newspapers, civic and fraternal organizations, chambers of commerce and labor unions to do their utmost to get the eligible voters of this county to REGISTER BEFORE APRIL 6.

Joining in the plea are the United Legislative Committee of the American Federation of Labor, through Mr. Peregory, joined in by Mr. Heide of the C. I. O.; Assemblyman Francis Dunn, legislative director and Mrs. George Garside, legislative junior chairman of the Oakland League of Women Voters.

Next Thursday, April 6 is the last day for voters to register who wish to vote in the state primary election on May 16. This is a presidential election year and every eligible adult should cast his or her vote.

At Niles registrations are being taken at Green's Shoe Hospital in Vieux Bros. Electric store.

FARM CENTER SEEKS END OF DAYLIGHT TIME

CENTERVILLE — Getting up by candlelight and going to bed before the sun does is not popular with farmers of the Eden-Washington Farm Center, it has been indicated.

A resolution favoring abandonment of daylight saving and return to "American" time was voted at last week's meeting. Getting the children off to school in the dark and getting through the day's work in time to arrive at night meetings were two reasons advanced for the change.

IMMEDIATE AID NOW AVAILABLE TO VETERANS

CENTERVILLE — The increased scope of the vocational rehabilitation department of the State Department of Education due to recent Federal legislation was described by Eduard T. Raun at last week's meeting of the Washington Township Co-ordinating Council.

Not only vocational training and placement but physical treatment and transportation can be offered disabled veterans under the law which became effective last September. Opportunities available to discharged servicemen and others are unknown to the great majority, Raun said.. Any persons wishing such aid may contact the Red Cross, servicemen's organizations or the Washington Union High School in this immediate vicinity.

Tells of Program

Raun told of a program in progress at Camp Shoemaker where the veterans' rehabilitation begins even while he is in a hospital bed, this facilitating his return to normal civilian life both from a practical and therapy standpoint.

Schools will probably be involved in an extensive adult education program for disabled veterans, he said. Cases coming under jurisdiction of the Department of Education rehabilitation program may be transferred to the Veterans' Administration later if desired.

Assistance Available

Under the present setup the discharged veteran may obtain immediate assistance, whether it be placement in a job, vocational training, physical treatment or transportation, regardless of his home address. Under the previous law, residence in a State for varying lengths of time was necessary before aid could be rendered.

Dut to the fact that the program is Nation-wide, the trainee may be transferred from one point to another without discontinuing his training.

EXPIRATION DATES REMOVED FROM RED, BLUE STAMPS

Major relief for the nation's 600,000 retailers from the burdens of food rationing was announced today by Chester Bowles, administrator of the office of Price Administration, in directing the removal of expiration dates from red and blue stamps, used for buying meats, fats, and oils and processed fruits and vegetables.

From now on the red and blue stamps in war ration book four will be good indefinitely, just as shoe and sugar stamps are, advance notice will be given if it is found necessary to retire any food stamps.

There is no change in the rate at which stamps become good. Housewives may continue to budget their family purchases of rationed foods on the basis of three red stamps, worth a total of 30 points, every second Sunday and five blue stamps, worth a total of 50 points the first of every month.

DANCE HALL BRAWLERS PLEAD GUILTY, FINED

John L. Carr, 29 of 776 D. Street, Hayward and Lawrence F. Avila, 27, of 1260 147th Avenue, San Leandro, pleaded guilty to disturbing the peace and were fined $25 each at the Niles Justice Court. A second count of interfering with an officer was dismissed.

The defendants were involved in an affair at a Newark dance hall when a group of merry-makers set upon officers who attempted to arrest a soldier.

INCOME TAX AID

Business people and others who will have an estimated gross income of $3,500 or more during 1944 for married people are required by law to file an estimated return by April 15. To help them make up these returns an officer from the Collector of Internal Revenue will be at the Central Bank in Niles next Wednesday, April 5 from 10 a. m. to 3 p. m. Manager R. A. Blacow states.

SERVICES HELD THURSDAY FOR LEON A. VIEUX

Victim of a heart attack, Leon A. Vieux, 59, Niles businessman, is dead at his home here. Vieux was stricken Friday while at work and died suddenly. For years past he had been in business here with his brothers and was prominently identified with civic affairs.

Funeral services were held Thursday morning at 9 o'clock from the Berge Mortuary parlors at Niles, with mass said at the Corpus Christi Church and interment made in the Holy Sepulchre Cemetery. The Rosary was recited at 8 o'clock Wednesday evening in the funeral parlors.

A daughter, Yoeman Yvonne Vieux of the WAVES flew out by plane from Washington, D. C. and arrived at the family home here Wednesday night.

The late citizen was a native of Oroville and had lived here about 40 years. In 1915 he started the electric store at Niles where his brother Jack went into partnership with him after serving overseas in the last war. The Vieux Bros. business is still being conducted by J. J. Vieux.

Besides the daughter, Yvonne, the deaceased is survived by a wife Rose, a daughter, Jeanette, and a son Leon A. Jr., three brothers Jack, Robert and Alfred, two sisters, Mrs. Octavia Young of Pt. Arena and Mary Vieux of Niles, and a father, Octave Vieux.

NEW REGISTRAR!

Persons living in the Niles School district who have to register before April 6 if they wish to vote at the Primary Election on May 16 will be taken care of promptly at the Green Shoe Hospital, with the Vieux Bros. Electric store on Main street at Niles. Mrs. Ida Green has accepted the appointment as registrar. After receiving registration supplies last week Dan Marble asked to be relieved as he was not able to give immediate service to those who came in to register, because of his service station calls.

Persons who have married or changed their name since the last election, those who have become 21 years of age; those who failed to vote in the 1942 elections and those who have moved from one Niles Precinct to another since the last election, and those who have recently come to Niles from other points, all must register anew before April 6 if they wish to vote at the Primaries May 16.

NIGHTLY MISSIONS HELD AT NILES

Every evening from now through Wednesday April 5 Bishop Roy Burge from Honolulu is speaking on the Curse of Drink at the Full Gospel Temple, 131 Jay street at Niles, under the auspices of Reverend Fred C. Hahn. The public is invited to hear him.

BISHOP ROY BURGE

The speaker is available for Temperance Rally work in other Churches and may be contacted at Niles for an open date. He is telling of his experience in being raised from the gutterto the pulpit.

Dorothy Domencini of Niles will play the lead and opposite her will be Herman Mesquite. Others in the cast are George Hicks, Lester Whitaker, Charles Marriott, John Trescott, Delphine Soito, Everett De Salles, Harriet Dias, Ernie Pine, Sally Logan, Joyce Karel and Charlotte Lewis.

OFFICERS SOLVE ANOTHER MYSTERY IN NILES DISTRICT

Niles came into the spotlight again last week with another mystery thriller. Two years ago it was a headless man found in the brush up Niles Canyon. A few weeks ago it was a man's body found floating on a gravel pit pool. Last week it was a man's skeleton found half a mile from Stonybrook creek and a mystery map with an "X marks the spot" found under the door of a local store.

When Mrs. Margaret Cozzi opened her place of business on Wednesday of last week there was a carefully drawn map plotting a trail made to scale 1.9 miles up Niles Canyon, thence up Stonybrook Creek, then half a mile up a nameless trickle on the former Walpert Ranch.

Officers Henry Vervais and Bob Moore followed the trail and came upon the skeleton of a man lying on its back, with patches of skin still adhering to the bones and brown hair flecked with gray attached to the skull. Remnants of clothing remained with the skeleton, but the clue lay in a single black shoe still on the dead man's foot, and another shoe of different make found 50 feet up the hill.

But both shoes were LEFT SHOES. A check of the missing persons bureau by Officer Ayres at Hayward revealed that one Avery Morgan, 63 missing from a Hayward Sanitarium since last July, had the idiosyncrasy of always wearing LEFT SHOES. In fact the mate to the left shoe found on his foot, as checked by shoe marking numbers printed inside, was found among the effects of the missing patient retained at the sanitarium.

He was the brother of Mrs. H. H. North of Prospect street, Berkeley and Miss Julia Morgan, noted woman architect with offices in the Merchants Exchange Building in San Francisco. An autopsy was held, determining the cause of death to have been from hunger and exposure; the sisters accepted the remains as that of their missing brother, and the skeleton was given decent burial.

But what of the maker of the mystery map, drawn accurately by a party who must have known the region well, as the distances were carefully shown? He even knew the location of buildings and other objects as these too were included on the map.

Last Friday Officers Vervais and Moore were looking around up Niles Canyon and happened upon a transient who had moved into an abandoned cabin on a ranch up the Canyon. He caught their attention when they found him wearing a .22 revolver in a shoulder holster under his shirt. Upon questioning he admitted he had drawn the map marked "For Police" because he "did not want anything to do with dead bodies or police."

He gave the name of Fred Felix Zajac, 35, said he came to the United States from CzechoSlovakia when a child, had had no schooling beyond the eighth grade, came to Niles a week ago from Modesto and moved into the empty cabin while looking for a place to live. He carried a draft registration card from the Auburn Draft Board. The map he drew was an excellent piece of draftsmanship, the officers declared.

Zajac was brought into custody charged with carrying a concealed weapon without a permit, appeared before Justice J. A. Silva, pleaded guilty and was sentenced to 30 days in the county jail.

But for the revolver incident Zajac did his good deed and the Sisters Morgan now know where their missing brother's remains are at rest.

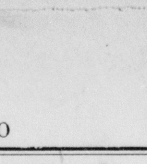
Julia offers 7 exciting ways to use eggs!



YOUNG BILL gave me his orders for lunch the other day: "And I'd like *three* eggs scrambled, please!" I couldn't help reflecting on two facts, first that teen-age youngsters have amazing appetites, and second that it's a good thing our farmers are sending so many eggs to market now.

And then I got to thinking about other uses for eggs—and how they can be an important part of every meal, right through the day. Examples:

EGG NESTS FOR BREAKFAST

Toast six 3½-inch rounds of bread on one side. Top toasted side with broiled or fried bacon or ham slice (these could be omitted if not available). Beat 6 egg whites until foamy; add salt and white pepper, continue beating until stiff but not dry. Pile meringue lightly on toast rounds; with rounded end of egg shell make slight indentation in each meringue; gently slip a yolk into center of each nest. Bake on cookie or baking sheet in moderate oven (350° F.) about 10 minutes or until egg yolk is set. Serves 6.

STUFFED EGGS FOR DINNER

6 hard-cooked eggs
¾ tsp. salt
¼ tsp. prepared mustard
2 tbsps. mayonnaise
2 tsps. vinegar
¼ tsp. paprika
4 tbsps. butter or margarine
4 tbsps. enriched flour
2 cups milk
Coarsely grated cheese

Halve hard-cooked eggs. Combine yolks, ¼ tsp. of the salt, mustard, mayonnaise and vinegar. Stuff whites with mixture and sprinkle with paprika. Make cream sauce by melting butter or margarine in top of double boiler. Blend in flour, (curry may be added if desired). Gradually add milk, stirring until smooth. Cook over rapidly boiling water 10 to 15 minutes or until thickened, stirring occasionally. Add remaining salt. Pour sauce into heated serving dish and top with eggs. Sprinkle grated cheese over all. Serves 6.

OMELETTE SUPREME FOR LUNCH

6 eggs
1 tsp. salt
1 tbsp. enriched flour
¼ cup milk
2 tbsps. shortening

Beat eggs well; add salt, flour, and milk. Continue beating until light and foamy. Melt shortening in heavy frying pan; pour in egg mixture. As mixture browns on under side, pull outside edges to center of the pan, letting the uncooked mixture run to the edges; continue until all of the mixture is set; cover; cook slowly until set and well browned, about 5 minutes. Uncover; cut one-inch slit on outer edge of opposite sides; fold through center; turn into hot serving platter. Serve immediately plain; or spread with preserves; or sprinkle with cheese. Serves 6.

And here are some more egg-ideas: To bolster vegetable salad, add sliced hard-cooked egg. For sandwich garnish, sieve hard-cooked egg. To make meat or fish loaves hold together, mix one raw egg to each cup of meat or fish. For a shining golden glaze on breads and biscuits, brush surfaces with well-beaten whole egg before baking.

GRANNY UNDERSTANDS, TOO!

THE SMITHS ARE GOING TO DROP IN THIS EVENING...AND GRAPEFRUIT REMINDS ME: SHE SAYS THE ONLY WAY TO GET YOUR MONEY'S WORTH IN FRUIT IS BUYING BY WEIGHT.
ACCURATE MEASURE, EH?
ACCURATE MEASURE? MY GRANDMOTHER USED TO TALK ABOUT THE DAYS WHEN DRY-GOODS CLERKS MEASURED RIBBON BY STRETCHING IT OUT AT ARM'S LENGTH! NEVER KNEW HOW MUCH YOU'D GET!
BUT A YARD'S ALWAYS 36 INCHES!
...YES, THAT'S WHY IT APPEALS TO ME! I ALWAYS GET EXACTLY AS MUCH PRODUCE AS I WANT, BY WEIGHT, AND I KNOW I'M GETTING FULL VALUE FOR MY MONEY!
BUT WHERE DO THEY SELL FRUITS AND VEGETABLES THIS WAY?
THAT EVENING
RIGHT OVER AT SAFEWAY. WHY DON'T YOU COME ALONG WITH ME TOMORROW?
I BELIEVE I WILL! LET'S TRY TO GO IN THE MORNING!

Mrs. Smith Is a Wise Buyer! How About You?

More and more housewives are discovering the wasteless, full-value method of buying fresh fruits and vegetables: priced by the pound, and therefore *accurately* measured, at their convenient Safeway store. Join them this week!

"NEUTRALS"??

Four good neutral nations—and three very bad.

Switzerland, strictly minding its own business, as it has done for the past 100 odd years, is still minding its own business.

Portugal under Premier Salazar favors the Allies but has made no overt acts.

Sweden would gladly throw in with the Allies—and probably will before this year is out. Is definitely on its own and is anti-Axis.

Turkey has only received five percent of the lend-lease tanks and planes promised to it by Churchill a year ago, so wisely keeps out of the war. These are the four good neutrals.

Spain is a bad neutral. Franco who came to power by Axis means is still pro-Axis which makes him anti-Spanish. The true Spaniards will unseat him one day. Meantime the U. S. has cut off Spain from oil and gasoline shipments IN BULK —but still sends them oil and gas in drums! (Uncle Sam does such funny things!)

Argentine, striving to find its national soul has changed its head three times recently and has clamped down on Axis pests, meaning diplomats and Axis news transmission. Argentine, the largest of the South American nations is the last to become fully and really American.

Ireland! Of all the bad actors! Protected from nazi invasion by the mighty British fleet; now protected by upwards of a million American soldiers quartered on its soil, still stupidly refuses to close its nazi consulate. DeValera will now get considerable working over. Just fine for other nations to keep Ireland safe for the Irish while Eire dissembles behind a cloak of very doubtful "neutrality". Eira (pronounced "Error") has made a bad error.

Each one of these seven neutrals (so far) seems willing to "PASS IT'S" chance to ride on the Band wagon to victory—for that's what the initials of the seven neutrals spell: P. A. S. S. I. T. S.

Small wonder marriage is such an unstable institution when there is an "if" in the middle of every "wife". Spell it out and see!

THE CHALLENGE

One can hear Hitler squealing madly, clear over here!

The American Air Force is challenging his once-proud luftwaffe to come up and fight! My, my, how his satellites must look down their collective noses at their once champion—now fallen.

Point is: the more nazi fighter planes we shoot down now the less remain to resist our coastal invasion. Our planes and the RAF now sweep over western Europe on any kind of mission without sighting a nazi plane. It has taken the U. S. three hard years to build up to this happy day when we can taunt the crippled luftwaffe to "come up and fight!"

England has built 90,000 planes since the war started; we have built 120,000; total 210,000 planes. The luftwaffe at its goriest never had over 30,000 planes of all types.

The nazi bullies are plenty brave when they are "gloriously" (??) overriding weak and helpless neighbors—but when it comes to an equal fight with nations greater than their own they are pusillanimous pups, just like bullies always are.

Phenomenen! While the sun shone on the north side of Niles Main street to the tune of 75 degrees afternoons last week the sidewalks in the shade of the buildings on the south side remained wet all day with morning dew!

CO-AX THE DOLLARS!

Bury your nose in your income tax
Search your records to find the facts—
Wish you had given more to the Red Cross
Uncle Sam lets you deduct it, of course.

Add up this column and check against that,
Income is slim, expenses are fat,
Add and subtract, see Instruction Six
You find yourself in a heck of a fix!

How many shows did you go to last year?
Some of the questions asked are queer:
Last year did you make more money or less?
To either question answer No or Yes.

It doesn't make sense. Who cares about that?
Not Congress or Treasury—they just pat
Your pocketbook until it gets flat.
We MUST win the war—that's all about that!

She: "I'm wearing my own hat!"

"PEACE IN TWO MONTHS"

H. Ford, who owns the biggest private fortune in America predicts in a copyright newspaper article that 'the war will be over in two months."

This is the very same H. Ford who financed a peace ship and sent it to Europe in 1916. The peace ship slunk back to the U. S. A. with a very red face when the United States declared war on April 6, 1917 after the Lusitania was torpedoed.

You've made a bum prophecy, Henry. More likely you will be dead in two months than that the wars (we have two) will be over in two months. It will not occur to either of our stupid enemies to give up fighting for a hopeless cause and we will be lucky to defeat Germany by the end of this year and very lucky to finish off Japan by next year.

Just go on building war supplies, Henry—and leave the prophecying to the prophets!

— W W —

"What this country needs" (and is going to get after March 31) is a "good 5c cup of coffee." Heretofore we have had good 10c cups; now we hope to get the same for 5c—cream and sugar included.

— W W —

THE O. P. A. MAKES SOME BUM GUESSES

Apricot growers hereabouts will not accept the OPA's ceiling price of $85 per ton. Last year it was $110. This year costs are higher and the price is $25 lower. Bum arithmatic students in Washington!

Coast OPA authorities have set too-low ceilings on 20 staple menu items effective Friday, so Bay region restaurant men have held a mass meeting in protest and say they can't abide by the new rulings.

Seems to be some conflict between theory and practice!—Do you suppose we can get a PRACTICAL Administration after the presidential election this year??

— W W —

CLICKING!—The article published in a recent issue regarding the big building project just starting near San Lorenzo was brought to the attention of David Bohannon the builder, by Mrs. Hazel Heidelberg, (well remembered in Niles as the former Mrs. Dick Attinger) who works in his San Francisco office. She asked that half a dozen copies of that issue be sent their office for forwarding to interested parties. Mrs. Heidelberg sent her regards to her many friends in Niles, and is happy to see building development go ahead on this side of the Bay.

If I were a king and my name was Gustav I'd ask radio announcers not to pronounce it "GOOSE-tav." It's bad enough to be a king, endeavoring to keep a neutral nation neutral without being called a "goose".

—Consider old King Victor Emmanuele of Italy who feels the loss of his coin collection more keenly than he does the loss of his people and his nation, and his honor! —The U. S. A. is good enough for most of us!

— W. W. —

ON THE "CUFF"

Judging from the number of "pockets" of resistance our men are running into in Italy the nazis must be well "suited." But we "press" on and strive to in-"crease" our victories. The enemy runs down the hills in long "coats" —then rushes up them again in short "pants". So we "butt-on".

It is something new in the printing business when printing supply houses send the printer beautifully printed broadsides picturing lovely new equipment to be had for the print shop. Across the face of the broadsides is printed in bright red letters 'Not Available for the Duration"! That's like telling a youngster all about Santa Claus, then saying "Sorry—Santa Claus is Dead"!

Once upon a time a party lived in Germany named Baron Von Munchausen who attained an international reputation because he could lie so artfully. Who'd'a thunk the great and terrible nazi propaganda machine of today stemmed from such a relatively innocuous beginning? The Baron's harmless mouthings used to amuse people; the nazi lie-machine of today is anything but amusing.

Imagine that! Handbills and advertising reprints of newspapers cluttering up our lawns last Thursday for the first time in about a year and a half! Its a sign that retail merchants, including grocers must have more goods on their shelves to be sold—or they would not use this wasteful method of advertising. Times must be getting easier on the civilian front.

In German-dominated countries in Europe civilians get their heads cut off if they listen to foreign broadcasts. In this country the politicians would like to cut your heads off if you don't listen to their broadcasts! Take your choice!

COUNTRY CLUB TO FEATURE MUSIC PROGRAM

CENTERVILLE — The Country Club of Washington Township meets next Tuesday afternoon in the clubhouse here with Mrs. Dwight Thornburg, chairman of music presenting a one hour musical program, the President, Mrs. E. H. Hirsch announces.

Mrs. Lucille Green, instructor of music at Palo Alto high school will be a feature of the entertainment and nine or 10 students will participate, offering numbers on the piano, violin and vocal.

This coming Sunday a group of club members will be hostesses at the Hayward Hospitality House, dedicating the afternoon to the memory of the late Mrs. Violet Emerson, who requested that the club not send flowers to her funeral but use the money instead to provide entertainment for service men. The club is complying with the last wishes of their late member.

Tuesday's hostesses will be Mesdames Allen G. Norris, Genevieve Ting, George Bonde, J. C. Walton, R. A. Terry, E. A. Richmond and Walter Waynflete.

TOWNSHIP HAS FIVE GALLON CLUB MEMBER S

Last Friday, March 3 was monthly Blood Bank day at the Memorial Building in Niles and Township donors outdid themselves in being prompt and keeping their appointments, according to Township chairman Mrs. W. L. McWhirter of Centerville.

TRUCK COUPONS ARE BEING SENT OUT AUTOMATICALLY

Holders of gasoline coupon books for truck use need not apply in person for renewals, nor need they mail in their certificates to the Niles Ration Board, the board advised this office Tuesday.

These renewals are automatic and are being processed as rapidly as possible and the new books will be mailed out as soon as the short-handed staff can complete the work. Some welcome help from PTA members at Niles is gratefully reported by the Board's staff just at present.

LEGION VOTES DONATION TO LIONS HONOR ROLL

The membership voted unanimously at the regular monthly meeting last Wednesday night of the Washington Township Post, American Legion to donate $25 to the Township Honor Roll project now being prepared by the Lios Club at Centerville. The members also voted to double their last year's donation to the Red Cross War Fund.

With Commander Joe Corey of Irvington in the chair it was reported that Comrade W. L. McWhirter had had a setback at the Stanford Lane Hospital in San Francisco, but that Comrade M. P. Mathiesen was recovering nicely at his home in Centerville from a heart attack sustained some months ago.

George Smith of Decoto, chairman of a temporary committee appointed several meetings previously to inquire into the feasibility of the Post sponsoring monthly dances in the Post's auditorium for service men, said his committee had met March 7 and had voted definitely against holding such dances on Legion property because of the inevitable drinking, which is prohibited by county ordinance, because of the moral dangers involved and the lack of suitable policing.

The committee unanimously went on record as desiring to hold a "Welcome Home" dance for Township service men and women only, after the war is won.

Upon suggestion of Comrade E. D. Bristow, the Post's representative to the Township Co-ordinating Council the membership heartily endorsed the building of a swimming pool on the high school grounds at Centerville.

Bristow, who was Post Commander in 1935 was named chairman of the annual Past Commanders night which will be held at the next regular meeting on April 26.

VOTERS MUST REGISTER FOR COMING ELECTIONS!

SACRAMENTO — Hitting the lowest point in 14 years, California's current voters' registration totals 2,765,817 or 1,104,959 less than the last general election in 1942, it was announced today by Frank M. Jordan, Secretary of State.

At the same time Jordan disclosed the communist party is barred from participating in the coming consolidated primary election by reason it failed to garner 2,766 registrations or one-tenth of one per cent of the total registration. The communist party registered only 651 persons.

Of the total registration the Democratic party accounted for 1,599,495 and the Republicans 1,067,949, a Democratic majority of 531,546.

This showed the Democrats lost 700,711 registrations as compared to 1942 and the Republicans 302,120. The Democrats obtained 57.83 percent of the total registration and Republicans 38.61 percent.

In Alameda County the registration on March 7 stood at a total of 238,707 persons, grouped as follows: 129,453 Democratic; 102,924 Republican; 90 Prohibition; 86 Communist (now outlawed); 1,134 Miscellaneous and 5,020 Declined to State.

Just one week remains for new voters and others to register throughout Washington Township if they wish to cast their votes at the Primary Election on May 16. There is a supervisorial and state and national representations to be elected this year and it behooves every good citizen of 21 years of age or older to go to the polls and exercise his right as a free American citizen. Books may be found at Green's Shoe Hospital at Niles.

TENNIS PRACTICE OFFERED ADULTS AT HIGH SCHOOL

CENTERVILLE — Adult groups in Washington Township are invited to enjoy tennis practice on Sundays at the newly painted and conditioned courts at the high school. Men and women are welcome and they do not have to be good players in order to come out for practice.

Future contests can be planned with Hayward, where similar practice is being offered tennis beginners at Hayward. Singles and doubles competitions can be arranged. Those here who are interested are askd to sign up with Mrs. Hegen by phoning the high school at Centerville 106.

GRILL NOW OPEN

The Columbia Grill at Niles is now open all day and half the night, from 6 a. m. until midnight daily and Sunday, according to the manager, Miss Lulu Mezza. Their facilities have been modernized and they now cater to the best of trade, offering their patrons every thing the market affords.

GROUND BROKEN AT HOUSING PROJECT

HAYWARD — Ground was broken for the new 1500 home private housing project in San Lorenzo on Tuesday, March 14 according to J. J. Sugrue, local rancher, on whose ground part of the project is to be built.

It is estimated that the project will bring to this area 6000 persons. Although homes will be reserved for war workers for the present, the development is primarily expected to be of postwar interest.

The project will be called the San Lorenzo Subdivision Corporation of SanFrancisco. Bohannan and Chamberlain, general contractors of San Mateo, will be in charge of construction.

It is believed the development will be completed by Christmas.

125 WOMEN GIVE 13,014 HOURS TO RED CROSS WORK

CENTERVILLE — A total of 125 women representing the Country Club have worked 13,014 hours for the Red Cross during the past year says a report to Mrs. E. H. Hirsch, president, from Red Cross chairman, F. V. Jones.

At the surgical dressing room at Centerville School, 71 women have put in 9700 hours; at the canteen and blood procurement center, six nurses, 10 staff assistants and six canteen workers have put in 3000 hours and two motor corps drivers, 60 hours. Four members of the club have put in over 100 hours in home service work and 26 members have taken nutrition courses.

AIR SERVICE PLANNED FOR NILES DISTRICT

SAN FRANCISCO — Hearings before the Civil Aeronautics Board on applications to provide area (feeder) airline service to cities and towns in the Bay Area, undoubtedly will be held this summer and perhaps in June, James G. Ray, vice president of Southweset Airways, stated in two recent addresses here.

Ray pointed out that this did not necessarily mean actual service would get under way this summer although he expressed the belief aircraft would be made available to the franchised operator 'before the Japanese phase of the war is over."

Previously there had been indications the Board might wait until after the war to determine the feasibility of establishing routes in this area, he said. Increasing interest of Bay Area civic officials, Congressmen and the aviation industry in the problem of extending air transportation to the nation's smaller cities and towns, was credited with having had "much effect" on the Board's speeded-up area airline program.

Southwest Airways is one of the pioneer applicants for routes on the Pacific Coast, having filed an application two years ago for service to 295 communities in California, Oregon and Washington, including Niles.

FIREMEN'S SUPPER

IRVINGTON— The Ladies Auxiliary of the Fire Department held a pot-luck dinner the evening of March 19 at the firehouse. It was a family affair with the children present, enjoying games and music. After the enjoyable repast the members played cards and prizes were awarded. The firemen extended their thanks for a fine time to Mrs. Florence Medeiros, chairman of the evening.

MUCH HAS BEEN SAID about the large electric power projects of the Federal government—Bonneville and Grand Coulee in Washington and Oregon, Boulder Dam on the Colorado River.

They have been widely publicized for the contribution they have made to war production—for the power they have provided for industry, commerce and agriculture on the Pacific Coast.

But the fact is that the P. G. and E. has much greater installed capacity, including purchased power, than any of these Federal projects—*48.7 per cent more than Bonneville and Grand Coulee combined, 89.7 per cent more than Boulder Dam.*

During 1943 the P. G. and E. supplied power to approximately 27,000 industrial plants and affiliated operations. Bonneville and Grand Coulee together served only fifteen, six of which are aluminum.

P. G. and E. power went to 40 shipyards and allied plants, 33 iron and steel plants, 4 magnesium plants, 7 cement plants, 126 food processing plants, and more than 26,700 smaller industrial plants. P. G. and E. also served 80 military and other governmental establishments; Bonneville and Grand Coulee served 15.

All this in addition to taking care of the normal requirements of more than a million regular customers in the home, in business and on the farm. Such is the achievement of free enterprise.

Always building ahead, soon we will add the 65th generating plant to our far-flung system—Pit No. 5, the largest hydroelectric powerhouse in the network.

Sixty-five power plants to speed victory, to serve a growing population, to keep northern and central California prosperous and great in the postwar period!
